

MEETING SAFELY

We are following the recommended health and safety precautions and industry guidance to ensure our meetings and events are executed safely. You will notice additional cleaning protocols at our mountain Resorts and in our event spaces, these have been introduced to keep our communities and attendees safe. We have adopted current industry best practices to restrict contact of items between guests. Additionally, we have introduced new food and beverage service models and menus to allow for physical distancing. We look forward to welcoming you and your guests as we focus on meeting safely.

MY SAFETY

FOR YOUR SAFETY

Personal Protective Gear: Face coverings must be worn in all public areas. All guests will need to comply with local and state guidance.

Design: We will reconfigure public spaces to allow for 6 feet physical distance between all guests and attendees.

Capacity Limits: All meeting rooms and events will follow local and state regulations

Pre-Arrival Messaging: We will incorporate touchless options during your event beginning with the check in experience, including meeting room technology and in room sanitizing locations

Physical Distancing: We will work with planners to develop and implement guidelines for compliance. Signage, floor markings and visual cues will be utilized

Proper Ventilation: Meeting spaces will be reconfigured to allow for circulation. Localized HEPA air purifiers will be added.

Broadcast Services: Lighting and professional grade equipment will ensure your next virtual meeting will exceed expectations

Food and Beverage: Self-service items have been removed. Curated menus will be offered with covered plated events preferred. Breaks will be stationed and attended and communal style service and experiences will not be offered

FOR YOUR SAFETY

Arrival & Registration: All meeting attendees will be pre-informed of new COVID-19 protocols. Suggested staggered registration times and contactless check-in will be promoted.

Room Set up & Breakdown: Rooms will be set to allow for physical distancing. Signage and stanchions will be used to create one way directional flow

Service: F&B will utilize designated drop off zones and strategic bar and food service locations to allow for physical distancing

Broadcast Services: Lighting and professional grade equipment will ensure your next virtual meeting will exceed expectations

Audio Visual and Third Parties: We will work with Meeting Planners to incorporate COVID-19 protocols into meetings or events. All equipment will be cleaned and disinfected

Post Event: Paperless billing will be used and event breakdown will be structured to allow for physical distancing and decreased guest and vendor interactions. Post-cons will be conducted virtually
